A Checklist of Books and Articles in the Field of the History of the Book and Libraries, Part 1

Liana Van der Bellen

THE BIBLIOGRAPHICAL SOCIETY OF CANADA HAS UNDERTAKEN TO PUBLISH IN several instalments the Canadian entries sent over the years to the *Annual Bibliography of the History of the Printed Book and Libraries (ABHB)*. The *ABHB* has been issued yearly since 1970. It is published under the auspices of the Committee on Rare and Precious Books and Documents of the International Federation of Library Associations (IFLA) and edited by Hendrik D.L. Vervliet in Antwerp. National Committees in twenty-five countries send bibliographical data on each year's publications in the field to the editorial office. Canadian entries have been included since volume 5 (1975) and have been gathered and sent by Miss M.E. Brown of the University of Toronto Library and after her retirement by Miss L. Van der Bellen of the National Library of Canada and Mr. Peter Greig, now of the National Defence Library in Ottawa. While delays were experienced during the first few years of the *ABHB*, automation has speeded up the publication process. Thus the volume listing 1982 publications came out in 1984. The *ABHB* includes the history of printing, typography, publishing, the book trade, illustration, binding, paper-making, book collecting, libraries and librarianship, newspapers and journalism, as well as retrospective bibliography and bibliographical studies. The emphasis is on historical content and scholarly treatment of the topics.

For publication in the *bsc Papers / Cahiers*, some modifications have been made in the bibliographic style and headings, as well as content; some items originally omitted from the *ABHB* because they did not meet its criteria have been included, such as articles and books on contemporary book arts, and non-Canadian topics have been omitted. Short annotations have been included in brackets after titles which are not self-explanatory. The listings begin with 1970 and include articles which originally appeared in the *bsc Papers / Cahiers*. The first part of the Checklist, published here, includes publications in the areas of the history of the book and printing, publishing and the book trade, modern fine printing, small and private presses and *livres d'artistes*. In subsequent issues other topics covered by the *ABHB* will be listed.

We hope that these lists will be of interest to the members of the Society, and we would be happy to receive notice of items which have been missed.
